## STATEMENT BY SELECTMEN

### TO THE CITIZENS AND TAXPAYERS OF FARMINGTON, NEW HAMPSHIRE:

In submitting our report for the year just closed we will endeavor to explain the expenditures we have made.

At the March meeting the voters authorized us to build a new bridge at the electric light plant, but failed to appropriate money for same. While we deemed a new bridge a vital necessity we could not contract for one without the way prepared to pay for it so we replanked the old one and watched it closely through the year. Fortunately it stood the strain.

We have constructed permanent roads on School, Union and Glen streets. Although everyone anticipated an exceedingly high tax rate this year in order to meet the interest and payments on the Town Hall bonds and High School bonds, we were very careful in planning our expenditures, thus keeping the tax rate at \$45.70 on a thousand valuation in the precinct. Of course this was a high rate but not the highest on record.

Following the instructions of our March meeting, we continued the state road construction on Charles street, and when the season ended we had finished grading to within approximately 800 feet of the Milton line.

Many old sidewalks have been repaired and new ones have been constructed on Lone Star avenue and Maple street. Some private work has also been done.

As we have a great many miles of road to keep open in winter and only a slow going tractor to accomplish this with, we thought it to the best interest of our citizens to have another unit for this work. Therefore, at a cost of \$283.63 we purchased a truck plow which has been very successful in keeping the trunk line and vil-

large streets open at all times. In fact, our trunk line has been cleared before any of the neighboring towns, thanks to this equipment. We have received many favorable comments from the traveling public for the excellent work done by this plow. Many times during the winter when the tractor was broken down the public would have been at the mercy of old winter had it not been for the small plow.

We have had a very heavy expense in providing necessities for some of our people, because of the business depression. An expense which we believe our fair-minded citizens will admit was beyond our control.

The depression has also caused a marked decrease in revenue from the Town Hall.

We planned our expenditures and carried them out with the definite purpose of reducing our debt and we think that a study of our financial standing at the end of the year with a reduction of our debt in the amount of \$9,094.39 shows a trend in the right direction.

We wish to caution you to consider carefully any proposed measure or measures calling for appropriation of money which will have a tendency to prevent further reduction of our debt.

We feel that the program for the ensuing years should have the definite purpose of reducing the debt at least as much as has been done this year. Attention to this will insure in time a reduction in the tax rate which we think will meet with the approval of all concerned.

Knowing that we have given the taxpayers our best efforts and have endeavored to exercise a conservative judgment, consistent with the unusual conditions, we submit herewith the Farmington Town Report for the year 1930.

HARRISON G. WALDRON,  
ERNEST E. LEFAVOUR,  
ORIN N. HUSSEY,

Selectmen of Farmington.
